

STUDENT PERFORMANCE PREDICTOR

Privacy Policy

Your privacy is important to us. This policy explains what data we collect and how we use it.

Effective Date	Last Updated	Version
January 1, 2026	May 2026	1.0

Summary: Student Performance Predictor collects minimal user data (email address for login, and academic input parameters entered by the user). We do not sell your data to third parties. All performance calculations are processed locally on your device or via secure AI APIs.

1. Information We Collect

We collect the following categories of information when you use Student Performance Predictor:

a) Account Information

- ▶ Email address (required for account creation and login)
- ▶ Password (stored in encrypted form via Firebase Authentication — we never see your password in plain text)

b) Academic Input Data

- ▶ Daily Study Hours (entered via slider)
- ▶ Attendance Rate percentage
- ▶ Assignment Completion percentage
- ▶ Class Participation percentage
- ▶ Sleep Hours per Night
- ▶ Previous Grade percentage
- ▶ Stress Level percentage

c) Usage Data (Automatically Collected)

- ▶ App crash reports and error logs (via Firebase Crashlytics, if enabled)
- ▶ General usage analytics (feature usage frequency, not personal content)

We do **not** collect: real name, phone number, location data, camera or microphone access, contacts, financial information, or any government-issued identification.

2. How We Use Your Information

The information we collect is used solely for the following purposes:

- ▶ To authenticate your identity and provide secure access to your account
- ▶ To calculate and display your predicted academic performance score and grade
- ▶ To generate personalized AI Advisor Insights based on your input parameters
- ▶ To power the Skill Radar chart and Weakness Analysis visualizations
- ▶ To enforce the App Lock feature when predicted performance is below 50%
- ▶ To improve app performance and fix technical issues (via crash reports)

We do **not** use your data for advertising, profiling, or any commercial purpose. Your academic data is never used to make decisions about you outside of the app.

3. Data Storage and Security

We take the security of your data seriously and implement the following measures:

- ▶ **Firebase Authentication:** Passwords are hashed and stored securely by Google Firebase. We never store or transmit your password in plain text.
- ▶ **Encrypted Transmission:** All data transmitted between the app and servers is encrypted using HTTPS/TLS.
- ▶ **Local Processing:** Performance prediction calculations are performed locally on your device where possible, minimizing data transmission.
- ▶ **Firebase Security Rules:** Firestore database access is protected by Firebase Security Rules, ensuring each user can only access their own data.
- ▶ **Minimal Data Collection:** We follow the principle of data minimization — we only collect what is strictly necessary for the app to function.

4. Third-Party Services

Student Performance Predictor integrates the following third-party services. Each service has its own privacy policy:

- ▶ **Google Firebase (Authentication & Firestore):** Used for user login and data storage. Governed by [Google's Privacy Policy](#).
- ▶ **OpenAI API:** Used for generating AI Advisor Insights. Academic input parameters may be sent to OpenAI's API for processing. Governed by [OpenAI's Privacy Policy](#). No personally identifiable information is sent to OpenAI.
- ▶ **MPAndroidChart:** An open-source charting library used locally on-device for the Skill Radar visualization. No data is transmitted.

5. Data Sharing and Disclosure

We do **not** sell, rent, trade, or share your personal information with any third parties for commercial purposes.

We may disclose information only in the following limited circumstances:

- ▶ **Legal Obligation:** If required by applicable law, court order, or governmental authority
- ▶ **Safety:** To protect the rights, property, or safety of our users or others
- ▶ **Service Providers:** Only to the third-party services listed above (Firebase, OpenAI) strictly for app functionality

6. Children's Privacy

Student Performance Predictor is designed for use by students, including those under 18 years of age, in an educational context. We do not knowingly collect personal information from children under the age of 13 without verifiable parental consent.

If you are a parent or guardian and believe your child under 13 has provided personal information without your consent, please contact us immediately at the address below and we will take steps to delete that information.

7. Your Rights and Choices

You have the following rights regarding your personal data:

- ▶ **Access:** You may request a copy of the data we hold about you at any time
- ▶ **Correction:** You may update your account information within the app settings
- ▶ **Deletion:** You may request deletion of your account and all associated data by contacting us
- ▶ **Portability:** You may request an export of your data in a portable format
- ▶ **Opt-Out:** You may disable analytics collection by adjusting your device settings or contacting us

To exercise any of these rights, contact us using the information in Section 10 below.

8. Data Retention

We retain your account information and academic input data for as long as your account is active or as needed to provide you with the app's services. If you delete your account, we will delete or anonymize your personal data within 30 days, except where we are required to retain it by law.

Crash logs and anonymous analytics data may be retained for up to 12 months for the purpose of improving app stability.

9. Changes to This Privacy Policy

We may update this Privacy Policy from time to time to reflect changes in our practices or for legal, regulatory, or operational reasons. When we make significant changes, we will notify users through an in-app notification or by sending an email to the address associated with your account.

We encourage you to review this Privacy Policy periodically. Your continued use of the app after any changes constitutes your acceptance of the updated policy. The "Last Updated" date at the top of this document reflects the most recent revision.

10. Contact Information

If you have any questions, concerns, or requests regarding this Privacy Policy or how your data is handled, please contact us:
